

Business Aviation Cabin Safety - Reality Bites! -

Mark Kammer
Operations Director

Introduction to Reality Based Training – RBT

Cost vs. Investment?

What Factors Influence your Decision Making?

- Cost?
- Regulations?
- Availability?
- Convenience?
- Suitability and Customisation?
- Regulatory Compliance?
- Employee Feedback?

Conventional Training: Stale and disengaging

- Basic training framework has existed since early 1950s despite technology advancing exponentially- band aid training
- Theory vs. Hands-On: long term competency acquisition?
- Training vs. facilitation
- Death by PowerPoint! Spray and Pray
- Aha! vs. Oh No!
- Ticking a box vs. being prepared

Summary

Business Aviation specific SEP training makes sense

- Operationally relevant, realistic and immersive Training
- Proficient and grateful aircrew
- WE ARE DYNAMIC!
- Thank you! Any Questions?
